

ADASSA ADUMORI FOUNDATION UPDATE 2010

Hello AAF Circle of Friends:

Thank you for being a Difference Maker for AAF in 2009. Are you ready for this New Year and New Decade? *The Adassa Foundation is a US based nonprofit whose mission is to provide an atmosphere of hope, healing and restoration for the children of Africa. Despite their extraordinary circumstances, they will have a brighter future because YOU CARE!*

This past year many of you joined us to make a difference in our first project in Emure Ekiti Nigeria. We have been able with the help of many Tennesseans to collect over 5000 books, and computers for the first community library. We also have medical supplies for the medical training program, and farming tillers for pilot program. Thanks to all of our many wonderful volunteers who helped during our many activities during the African delegation visit. It was a great success. Continue to keep us in your prayers as we prepare to take a team in 2010 to open the first library, provide leadership training for youth and community leaders, educational scholarships and training of local farmers. With all of the things that are going on around the world let us not loss focus of the children that need our help. We are thankful for all of the blessing in 2009 and ready for what God will do in 2010. There are many NGO's doing great things in Nigeria. The leadership of King Emmanuel Adebayo of the Emure Ekiti Nigeria Township has assisted our team in making our trip and projects a big success. We thank God for his humility, integrity and love for his people.

We need your support to complete our projects
